Externally

Garden

The front of this bungalow benefits from a large gravelled driveway which provides off road parking for several cars. A block paved driveway leads to the former double garage which still retains both garage doors. One side of the garage has been converted into the ensuite and dressing room however the left had side is still a single garage. The block paving continues around the bungalow and leads to the front door. The remainder of the front garden is laid to lawn with an attractive laurel hedge. There is also an outside tap. The rear garden offers a good degree of privacy. There is a large paved patio with the reminder mostly laid to lawn with attractive mature trees and shrubs. To one side of the garden is another seating area and to the opposite side is a bespoke timber style gazebo ideal for enjoying an outside meal or a drink. Overall a lovely garden to enjoy and relax in.

Single Garage

Power and light connected up and over garage door.

As you look at the property the left hand garage is still a single garage however the right hand garage has been converted into a dressing area and large ensuite shower room.
